Elephant Buttons

Title	Elephant Buttons	ぞうのボタン
Author	Noriko Ueno	上野紀子
Publisher/year	Fuzanbo 1975	富山房 1975

► Description

This book was first published in New York in 1973, and it later came out in Japan. First, an elephant appears. On his tummy are four buttons. Turn the page, and the buttons are unfastened—and we see that a horse was inside. The horse has four buttons as well. Turn the page, and the buttons are unfastened—and a lion appears this time! The lion has four buttons too. What will happen when you turn the next page?

ぞうがいます。おなかにボタンを4つつけています。そのボタンをはずすと、中から出てきたのは・・・？ 次から次へと動物が登場する楽しい絵本。文字がないことで、逆に子どもたちの想像力が大きく広がります。
